

Project Title: **2231 - Teaching Survey Fall 2022**Courses Audience: **17**Responses Received: **13**Response Rate: **76.47%**

Report Comments

Included in this report:

- Summary of responses to scaled questions
- Response breakdowns
- Student comments
- Results to instructor added custom questions (if applicable)

Understanding and using student feedback:

- We have [resources](#) that can help with interpreting your teaching survey report.
- [Schedule a meeting](#) with a teaching consultant who can help you interpret your results and develop a course of action if necessary.
- In the future:
 - ◊ Discuss, teach, and model [giving meaningful feedback](#) with your students.
 - ◊ [Request a midterm survey](#) of your course and give students multiple opportunities to practice giving feedback.

Comments

What did you like best about the recitation instruction?

Comments
Concepts were explained in simpler terms which made them easier to understand.
He is very organized and well-prepared.
He prepared very carefully and structured each recitation
Going through examples from the problem sets was very helpful to make sure we understood the material.
He has a deep understanding about the contents, which enables him to give us clear answers. Another good thing is he includes no digression in the recitation but focus on lecture!
Obvious complete understanding of the material by the TA and always able to answer questions.
The hints for the problem sets
Helpful hints and good examples

If you were running this recitation, what would you do differently?

Comments
Nothing really.
Covering some topics in deep about the class
N/A
I would try to spend some time to summarize the important notions of the lectures before helping students in resolving the problem sets.

Diversity and Inclusion
