Comments

What did you like best about the recitation instruction?

Comments
His presentations.
Straight forward
It was very precise and clear. It aligned with the curriculum and supplemented my understanding. Jun Hyun Ji was a great recitation instructor.
I really appreciated Jun Hyun's ability to explain topics in a way that made more intuitive sense than what was presented in lecture.
I liked how Jun Hyun was always prepared for class and his examples were super relevant to the material. His exercises clearly showed the important concepts, but also was able to break them down for us.
Activities and practice problems

The in class activities that he ran.

If you were running this recitation, what would you do differently?

Comments
Nothing.
I wouldn't do anything else differently. He did great!!
Pretty much nothing, excellent recitation.
I would most likely follow the same format of Jun Hyun. He made sure to begin with conceptual things and then move into the exercises. He was also always able to explain each problem when I had a question during or at the end of class!
Nothing different
